WEINTEK HMI

Professionals in Human Machine Interface

WEINTEK

Performance, Design, and Versatility

MT8000iE/XE · mTV Series

Built-in Wi-Fi

802.11 b/g/n wireless communication standards. (MT8103iE)

5V — 24V Input

Power isolation protection

Effectively avoids surges and ensures the reliability of HMI.
(MT8050iE/ MT8071iE/ MT8073iE/ MT8102iE/ MT8103iE)

PCB coating protection

Increases the strength of damp-proof, dust-proof, and corrosion resistance in any harsh environment.

Built-in isolated RS-485

Effectively avoids the ground potential difference problem and ensures your HMI endurable in any complicated grounding environment.
(MT8070iE)

● COM [RS-485] supports MPI 187.5K.

● All iE Series models comply with IP65 rating and CE testing standards.

● Configuration software, EasyBuilder Pro offers more than 250 drivers for Weintek HMI to connect with various and numerous controllers.

Ultra-slim form factor

34mm

Enables HMI can be installed in any industrial control environment.

Dual Ethernet ports

Dual Ethernet ports offers you to set up WAN/LAN or two different LAN/LAN network configurations. (MT8073iE)

Equipped with powerful Cortex A8 600 MHz CPU

Cortex A8 600MHz

Not only the MT8000iE Series performs fast booting speed and JPEG display speed, but also greatly improves the communication speed between HMI and PLC.

10" 7" 4.3"

Provides the most common sizes of HMIs in industrial control applications

---

iE Series

iE Series, easily installed in any industrial control environment

● Ultra-slim form factor and new color design.
● Isolated RS-485 and PCB coating protections.

Gives you an ability to easily design any functional objects in various environments
of EasyBuilder Pro

BACK   ☀ Summer Mode   ❄ Winter Mode

WEINTEK

Dual Ethernet ports

Dual Ethernet ports offers you to set up WAN/LAN or two different LAN/LAN network configurations. (MT8092XE)

Silver side
Elegant silver side and streamlined styling form factor shows aesthetic sense. (MT8090XE/ MT8092XE)

Wide viewing angle

70°

Up to 70° wide viewing angle makes HMI monitoring less limited. (MT8090XE/ MT8092XE)

Power isolation protection

5V | 24V Input

Effectively avoids surges and ensures the reliability of HMI.

Equipped with powerful Cortex A8 1GHz CPU

Cortex A8 1GHz

Sets benchmark records of HMI performance, such as booting speed, JPEG file display speed, and speed of PLC data read/write. Greatly improves graphics performance and database operation efficiency.

15" 12" 9.7"

Provides the most popular sizes of HMIs in large and complicated industrial applications

High-resolution HMIs (9.7", 12", 15")

1024x768

Displays the most detailed information and objects with high-resolution (1024x768) LCD.
Aluminum Enclosure

Greatly improves durability and reliability. (MT8121XE/MT8150XE)

PCB coating protection

Increases the strength of damp-proof, dust-proof, and corrosion resistance in any harsh environment.

Built-in isolated RS-485

Effectively avoids the ground potential difference problem and ensures your HMI endurable in any complicated grounding environment. (MT8121XE/MT8150XE)

- COM [RS-485] supports MPI 187.5K.
- All XE Series models comply with IP65/IP66(MT8121XE) rating and CE testing standards.
- Configuration software, EasyBuilder Pro offers more than 250 drivers for Weintek HMI to connect with various and numerous controllers.

XE Series

XE Series, optimal for industrial control application in various harsh environments

- 9.7" high-resolution(1024 x 768 pixels) HMI.
- 12" /15" large sizes of HMIs with aluminum enclosure.
- Isolated RS-485, PCB coating, and Power isolation protections.

HDTV supported

10/100/1000 Base-T x 1

COM1 RS-232
COM2 RS-485 2W/4W
COM3 RS-485 2W

HDMI cable

1280 x 720
Compact design and DIN-rail mountable

Easily installed in any industrial control environment.

HMI device SMALLER, display range BIGGER

Perfectly fitted in any size of control cabinet and flexibly connected to any large size of HDTV.

mTV Series

mTV Series, creates a new HMI vision

- HDMI output allows displaying projects on any size of TV monitors with the HDMI interface.
- PCB coating and power isolation protections.

- COM [RS-485] supports MPI 187.5K.
- mTV Series comply with CE testing standards.
- Configuration software, EasyBuilder Pro offers more than 250 drivers for Weintek HMI to connect with various and numerous controllers.

EasyBuilder Pro - Innovators in Software

EasyBuilder Pro features in extremely intuitive user interface and satisfies diverse application demands such as data/event log, recipe database, alarm handling, tag management, macro computing and pass-through for editing data of a remote PLC. During the project development phase, on-line simulation greatly facilitates verification of parameters.
EasyBuilder Pro is the comprehensive HMI configuration software.

Support more than 250 communication drivers

EasyBuilder Pro supports more than 250 communication drivers to connect to different brand of PLC, Servo, Inverter, Temperature controller, Barcode scanner, and etc.
Excellent User Interface

EasyBuilder Pro walks you through the HMI project editing process all with ease, and accomplishes the project managements, such as privilege management, device management, file management, or log management.

Extensive Graphics Libraries

EasyBuilder Pro provides sufficient high-quality graphics libraries with a wide selection of different industrial applications such as packing machine, processing factory, water treatment plant, and many more that greatly reduce your project display designing time.

Versatile Application Tools

Weintek Software R&D Center develops various stand-alone application tools, such as Recipe Editor, EasyDiagnoser, EasySimulator, EasyConverter, and etc. These tools can help you analyze different data records and troubleshoot abnormal issues for your application.

Utility Manager	EasyDiagnoser	EasyPrinter
AB Data Type Editor	EasySimulator	EasyAccess
Pass Through	VNC	EasyWatch
EasyConverter	Database Editor	Recipe Editor

EasyBuilder Pro

Easy to Use Configuration Software

With talented R&D team and experienced in HMI manufacturing, Weintek has developed the most advanced and easy to use configuration software in industrial automation field.

- Extremely intuitive project editing experience.
- Connect with over 250 communication drivers.
